Students accepted to EGTI are required to attend a new student orientation prior to the start of their program. The orientation date for each training session can be found on the calendar located on EGTI's website ([www.egti.org](http://www.egti.org)).

Orientation includes information for both the student and parent(s). The information provided will assist students and their families in planning for their time at EGTI and after their training session is completed. It will also give students a chance to meet other students, learn more about how their days will be structured, tour the facility and meet EGTI staff.

Although a student may be of age, alcohol is not permitted in student rooms. Depending on the student's status on the Community Access Checklist, EGTI staff may be required to attend the event (i.e. bar) where alcohol is being consumed to ensure the student remains safe. In these circumstances, EGTI staff are working and not consuming alcohol alongside the student.

## Tobacco

Students will be expected to follow the tobacco policy of the hotel.

## Hotel Room Damage

Students may be responsible for costs associated to room damage unrelated to normal wear and tear. Hotel management will make this determination based on hotel policies followed for all hotel guests.

## Visitation Hours

An assigned roommate and immediate family members (e.g. guardians, siblings, grandparents, and children) are the only individuals allowed in student rooms. Exceptions are made for staff providing support through a Medicaid Waiver. Students may gather as a group for activities in The Hangout within EGTI.

Visitation hours: 3:30-9 p.m. on Monday-Friday & 9:00 a.m.-9 p.m. on Saturday and Sunday.

## Guest Policies

Guests are permitted but may not stay overnight in a student's room. Guests who choose to stay overnight may purchase a room through the hotel. Should a student choose to stay in their guest's room, an Overnight Guest Request Form is required. All guests are the responsibility of the student and are expected to adhere to EGTI policies.

## Dining

Students receive a True Link Prepaid Visa® Card to use for all meal plan purchases. All cards are formatted with approved and blocked vendors and a max spending amount per week. Students will learn about the approved vendors during week one. Purchases made at vendors not approved on the card are at the student's expense.

Cards will be monitored by EGTI staff on a weekly basis. Cards may only be used during a student's time at EGTI and may not be used at home should the student go home for the weekend or a holiday.

# Housing

## Medications, Illnesses, and Emergencies

Upon acceptance into EGTI, students or guardians are required to fill out an Insurance and Medical Information Form. This will provide EGTI staff with important information in the event of a medical emergency.

Students are expected to independently manage medications; however, EGTI staff will complete weekly medication checks. If medications are not being taken or refills are needed, EGTI staff will communicate with the student and guardian to determine a plan. If possible, we ask that the students bring enough medication to last the entire training session.

Should a student contract an illness during their time at EGTI, EGTI staff will communicate with parents or guardians. Arrangements to make and attend a doctor's appointment will be the responsibility of the student and parents or guardians.

In the event of a medical emergency, the student will be transported to the closest hospital or the hospital listed on the Insurance and Medical Information Form. EGTI staff do not stay at the hospital with students. Once at the hospital, it is the responsibility of the student or parents and guardians to arrange transportation back to the hotel.

## Available Support

One to two staff will be on duty during evenings and weekends depending on student numbers. These individuals will be responsible for overseeing and supporting all students.

If more individualized support is needed, students should access resources through Medicaid Insurance or their Medicaid Waiver (Indiana residents only): Family Supports Waiver, Community Integration and Habilitation Waiver, Aged and Disabled Waiver, and TBI Waiver.

If the student receives services through Medicaid Insurance or a Medicaid Waiver - from a service provider outside of Delaware County - please contact your case manager or Medicaid case worker upon acceptance into EGTI. A service provider serving individuals in Delaware County must be chosen while the student attends EGTI.

## Training Session Length

Please refer to the class schedule on our website.

## General Training Structure

Students will be oriented to the training and housing environments and community for the first five to ten days of the training session. During this time, students will also be trained on skills related to the Community Access Checklist and how to use Muncie Indiana Transit System (MITS) to allow them access to the Muncie community. More information about the Community Access Checklist and MITS can be found under Community Engagement - Transportation section.

After the orientation phase, students will move into training for their specific program. All training programs have been broken down into sequential units that will be individually taught. Initial instruction may occur in the classroom, training lab, or in the natural environment. Once students have shown proficiency in a skill, the next skill in the sequence will be introduced and taught. Skills will build upon one another until students have mastered the entire job.

Work readiness skills are the focus during Friday afternoons. Topics covered include a variety of job search and job keeping skills, and interpersonal and personal quality skills necessary for employment.

## Daily Schedule

When students begin their training program, a day begins around 8:00 a.m. and ends around 3:00 p.m. Throughout this time, a combination of classroom instruction, hands-on activities, and on-the-job training occur along with built-in breaks and lunch.

As students move further along in the content of their training program, they will gradually take on more of the job, increasing the tasks they complete each shift.

EGTI staff will train, support, and oversee students during their training. Students will also be paired up with employees on the job to work alongside.

# Training

## Technology

Students will be provided an iPad to use during their time at EGTI. iPads will be stored in the classroom unless a student needs one to study or complete classwork. A check-out system will be followed in this case. Students may be financially responsible for a lost or damaged iPad.

## Scholarship

EGTI is happy to provide scholarship information to students supported by organizations that have historically provided financial assistance to individuals with disabilities who are seeking postsecondary educational opportunities. Information about these opportunities can be found on EGTI's website.

Additionally, The Arc of Indiana Foundation is continually seeking funds that would provide financial support to individuals who are interested in attending EGTI. When funds are available, the availability of funds will be publicized.

## Refund and Withdrawal Policy

To withdraw from EGTI, the student or guardian(s) must fill out and turn in a Withdrawal Request Form to the director. Should a student be terminated or withdraw for any reason, all refunds will be made according to EGTI's refund policy.

- ◆ All monies, except the \$50 application fee, will be refunded if the student submits a Withdrawal Request Form to the director one month prior to the program start date.

Both hard and soft skills will be the focus while students are in training.

## Transportation

Students will have free access to MITS with their EGTI student I.D. This will be their main mode of transportation the duration of their training session. MITS information can be found here: [www.mitsbus.org](http://www.mitsbus.org) and MITS OnTime App.

As mentioned in the Housing Policies, students are not to bring cars to the hotel. Students are welcome to bring a bike but are responsible for providing a bike lock. Bike racks are located at several places around the hotel.

EGTI staff follow skills within the Community Access Checklist to determine if students have the skills necessary to independently access different environments independently while being appropriate and safe. Students will have unlimited opportunities to practice and display mastery of skills noted within the Community Access Checklist over the course of their time at EGTI.

The Community Access Checklist is broken down into three levels: hotel environment (level 1), downtown Muncie (level 2), and the city of Muncie (level 3). When a student exhibits skills within level one, EGTI staff feel comfortable leaving the student at the hotel without supervision. When a student exhibits skills within level two, EGTI staff feel comfortable leaving the student at the hotel and allowing them to access downtown Muncie without supervision. When a student exhibits skills within level three, EGTI staff feel comfortable leaving the student at the hotel, allowing them to access downtown Muncie, and allowing them to ride MITS to access the city of Muncie without supervision.

A student who does not exhibit all of the skills noted within the Community Access Checklist are still able to access any activity of interest but must have the support of EGTI staff.

## Available Support

EGTI staff on duty during evenings and weekends will talk with students to determine what activities they want to do for the evening or day. Determined by the level reached by each student on the Community Access Checklist, staff will manage the activities to ensure students receive the level of support needed.

If a student wants or requires one-on-one assistance, we encourage the student to arrange support from their Medicaid Waiver, if applicable. The service provider, guardian(s), and EGTI staff will communicate regularly to plan when such supports may be needed.

# Discipline

## Academic Policies

Students are expected to attend all classroom related activities and scheduled training hours.

- ◆ If a student has signed up to work with a mentor, he/she is expected to attend all scheduled activities. If the student cancels or fails to show up for their scheduled activity three times, their mentor may be cancelled.
- ◆ If a student fails to show up or is tardy for class or training, staff will search for the student. This is considered a level one infraction and one verbal warning will be given before write-ups begin. After three write-ups, staff will meet to review a teaching plan to address time management. After six write-ups have been accrued, staff, student, and director will meet to determine the next steps.

## Behavior Policies

Students are expected to follow all policies outlined in the student handbook to ensure the safety and well-being of all EGTI students and staff, hotel guests and employees, restaurant guests and employees, and hospital patients and employees.

Should a student violate a policy or engage in behavior that threatens the safety of the parties noted above or damages property of EGTI, hotel or work environments, a write-up will be given along with any combination of consequences listed below.

EGTI has zero tolerance for drugs, weapons, stealing, sexual harassment or violence towards hotel property, EGTI material, and/or others. A student may be removed immediately from EGTI if she/he is caught with or involved in any of these offenses. Students are subject to state and federal laws and any fees related to damage they caused.

EGTI staff will conduct weekly room checks to ensure certain policies are being followed.

Offenses are categorized into three levels.

- ◆ **Level 1:** If a student is found violating a level one offense, an initial warning will be given. Occurrences after the verbal warning will result in a write-up. After three write-ups, staff will meet to review a teaching plan to address the area of concern. After six write-ups have been accrued, staff, student, and director will meet to determine the next steps.

Examples of a Level 1 offense: tardiness, not wearing appropriate work attire, room not picked up for guestroom attendants, noise level in room is loud for nearby guests, etc.

# Discipline

## Behavior Policies Continued

- ◆ **Level 2:** If a student is found violating a level two offense, a write-up will be given. If a student is given a total of two level two write-ups, a meeting with the student, staff, director, and parents/guardians will be scheduled to determine the course of action.

Examples of a Level 2 offense: inappropriate language in the work place, verbal fighting with another student in the workplace or public spaces within the hotel, insubordination, returning past curfew without notifying staff, etc.

- ◆ **Level 3:** If a student is found violating a level three offense, a meeting will be scheduled immediately with the student, staff, director, and parents/guardians to discuss potential removal from EGTI.

Examples of a Level 3 offense: alcohol, drugs, weapons, theft, physical aggression, property destruction, etc.

Consequences that may be imposed, in any combination, are noted below.

- ◆ **Write-Up:** this is a written warning documenting the details of the offense committed and a warning for what may come should it happen again.
- ◆ **CAC Level Reduction:** the student would move back levels on their Community Access Checklist limiting their independence and requiring more staff supervision.
- ◆ **Room Restriction:** the student would be required to remain in their room for the evening, free of social activities. Part time staff would communicate with the student to ensure they get dinner from either the hotel bistro or restaurant.
- ◆ **Weekend Expulsion:** the student would be required to be picked up at the end of the training day on Friday and may not return until 5pm that Sunday.
- ◆ **Reimbursement:** the student would be required to provide financial reimbursement to replace damaged property or medical bills related to injuries.
- ◆ **Expulsion:** the student would be permanently removed from EGTI.
